UAA listing procedure

In 2019 the UAA Board decided to create a Database of Arbitrators suitable to sit in Ukraine-related international arbitrations (e.g. involving Ukrainian party(ies), Ukrainian law, relating to the Ukrainian assets or businesses etc.).

After several month of work, on 26 January 2020, the Board has approved the Procedure for Listing in the Database of Arbitrators.

According to the Procedure, the Board is responsible for formation and maintenance of the UAA Database of arbitrators, and makes decision on listing in the Database of arbitrators.

Potential candidate files an application addressed to the Secretary-General and accompanied with the CV and the completed Questionnaire. By its decision, the UAA Board may provide that consideration of the application will be subject to payment of certain fee.

UAA plans to offer the List of arbitrators to various international arbitration centres for the purposes of institution appointments, as well as to arbitration users seeking candidates for party-appointment (nomination) or selection of the president of the tribunal. The list will be published at the UAA website and distributed at the events organized by the UAA.

List of Arbitrators

Formation of the Database

The present brochure contains the second edition of the UAA List of Arbitrators.

As the first step to create the Database, the UAA Board, having analysed the publicly available information and applying the listing criteria, has selected a number of candidates to be invited to join the list.

Given the time constrains for publication of this brochure, not all the invited candidates managed to submit the necessary documents to the UAA in time, however, they will be added to subsequent editions of the List and will appear in the UAA web-site.

As the next step to create the Database, UAA has published the Procedure for Listing in the Database of Arbitrators on its web site, and any person wishing to join the List and meeting the mandatory requirements may file an application addressed to the Secretary-General (at secretariat@arbitration.kiev.ua) and accompanied with the CV and the completed Questionnaire.

List of Arbitrators

Structure of the List

Depending on the circumstances of a particular case and requirements of the applicable arbitration rules the parties, co-arbitrators, arbitral institution or appointing authority may look for candidates with a different profile for the Ukraine-related cases. The nationality and the place of residence are among the very first selection criteria.

Considering this, in this brochure the arbitrators are divided into three groups:

- Ukrainian arbitrators qualified in Ukrainian law and residing in Ukraine – all candidates of this group have Ukrainian nationality, are admitted to Ukraine’s bar, reside in Ukraine and speak Ukrainian;
- Ukrainian arbitrators residing outside Ukraine – all arbitrators of this group have Ukrainian nationality, speak Ukrainian and reside outside Ukraine; and
- Foreign arbitrators suitable to sit in Ukraine-related international arbitrations – all arbitrators of this group are non-Ukrainian, but have sufficient connection with the Ukrainian jurisdiction.

Within each group, the arbitrators are listed in alphabetical order.

**Foreign arbitrators

With this aim, the UAA List of Arbitrators includes foreign arbitrators having sufficient connection with the Ukrainian jurisdiction through one or several connecting factors:

- good command of Ukrainian language
- familiarity with Ukrainian law
- previous involvement (as arbitrator, counsel or secretary to the tribunal) in at least three (3) arbitrations involving Ukrainian party and/or where Ukrainian law was applicable law and/or seated in Ukraine and/or relating to Ukrainian business
